

David Manzer

Front End Developer / UI/UX Specialist

☎ (480)570-6417 @dmanzer2@gmail.com 🌐 davidmanzer.info in david-manzer-bb081855

Senior UI Developer with 12+ years' experience building scalable, accessible web applications using Angular, React, and SCSS. Led teams to deliver pixel-perfect, 508-compliant interfaces, reducing development time by 25% and improving user engagement by 30%. Expert in translating complex Figma designs into reusable components and mentoring teams in best UI/UX practices.

PROFESSIONAL EXPERIENCE

Sr UI Developer, Softrams

August 2019 – Present

- Built Angular 17 components with Material UI and Bootstrap, delivering polished UIs that improved usability and reduced dev time by 15%.
- Created reusable React and Angular components with SCSS and TypeScript, enhancing scalability and reducing redundant UI logic by 25%.
- Championed accessible, polished UIs focused on Human Experience, meeting 508 and WCAG standards to improve overall user satisfaction.
- Developed a live UI style guide promoting design consistency, now used across teams to support scalability and tech debt reduction.
- Resolved mobile UI bugs outside sprint scope via JIRA tracking, reducing QA backlog and increasing delivery velocity in Agile sprints.
- Led bi-weekly dev talks on various UI topics, accessibility, and CSS strategy to mentor developers and promote front-end excellence.

Front End Developer, Kaseya

June 2016 – August 2019

- Developed and maintained responsive features across multiple branded sites using HTML5, CSS3, JavaScript, PHP, and Bootstrap 4.
- Migrated Drupal sites to WordPress, improving performance by 25% and cutting content management time by 60%.
- Built Design Systems and scalable layouts with SASS, Flexbox, and ACF-based custom plugins; optimized workflows using Gulp, npm, and Git.
- Crafted SEO strategies, implemented Google Tag Manager, and utilized MySQL-based solutions to track site performance and support dynamic content on multiple domains.

Front End Developer/Designer, WorldatWork

September 2013 – June 2016

- Designed, developed, and maintained the Front-end of a large-scale web presence with over 40,000+ pages, supporting both content delivery and feature development.

Web Developer/Designer, Anderson Advertising

April 2013 – September 2013

- Developed responsive, cross-browser sites with HTML5, CSS3, Bootstrap, and jQuery for clients such as Mayo Clinic, Harkins Theatres, and Phoenix Children's Hospital.
